Year 11 GCSE Business – Seneca free revision tool

As you are aware your child is into the most important year for their GCSEs, and have been working on content and technique in their GCSE Business lessons. I would like to inform you of an excellent free online revision tool which covers all of the topic areas for AQA GCSE Business.

The tool is called 'Seneca' and has proven to be very effective at helping pupils with their revision. The regular use of Seneca by pupils has helped to lead to superb grades for the previous Year 11s. Seneca has short summaries of each of the topic areas and quizzes throughout all aspects of the course. Your child is able to test themselves to check their subject knowledge, and we as their teachers are able to track how much they are using the tool and how successful they are with their revision, which can then help us to target areas to focus on in our lessons in the run up to the exams.

The free website is called Seneca learning, and can be found using this link:

<https://www.senecalearning.com/>. The pupils will be sent a link to register for this tool by their teacher and invited to join their class for the teacher to be able to monitor and track each child.

We hope that you will support your child in encouraging them to use this free revision tool regularly to aid their revision. The pupils will be given a range of revision resources and advice, as well as mock exam papers and questions which will continue as we build up to the summer.

Should you have any further questions please do not hesitate to contact me on the school telephone number or email me at the address below.

Yours sincerely

Mr. C. P. Drosdzowski

Head of Business and Economics Department
