An exciting opportunity has arisen for a Learning Support Assistant to work with a team of professionals involved in the specialist provision for the visually impaired and other SEND students. Although the main focus of this role is visual impairment support, the role will also include supporting other SEND students in the classroom.

You will support, implement, monitor and evaluate individual learning programmes, working under the direction of the school's Assistant SENDCo and in partnership with class teachers and colleagues from the Berkshire Sensory Consortium Service.

Candidates should have visual impairment awareness to support our student. We will support you by offering training in Braille if required.

To apply please complete a support staff application form which can be found on the website at www.piggottschool.org and e-mail to: vacancies@piggottschool.org
