Dear Parents

I write following the Prime Minister's speech on Sunday evening which outlined some possible steps in the easing of the Coronavirus lockdown restrictions. The message was that from June 1st it may be possible to start partially reopening primary schools to certain year groups, including EYFS2 (Reception), Year 1 and Year 6.

The school continues to work on a plan as to how this could safely be achieved, especially taking into consideration the need to promote social distancing measures with very young children. The school will continue to balance the workload of staff with their home situation, including any childcare, medical or family issues they have.

It must be noted that staff who commute, and work all day with the children on site, will find it difficult to maintain the same quality of current provision for those children who are being schooled at home. In addition, there are many members of our school staff who will be unable to physically come to work due to self-isolation and care commitments.

Over the next few days we will be consulting parents and staff regarding the proposed phased reopening of Charvil Primary.

Any actions we take as a school will take consideration of the latest Government guidelines, in consultation with Governors and professional associations, and with the health and safety of all members of our school community as paramount.

Yours faithfully

D J Gray
Headteacher
