

9th November 2020

Dear Parent/Carers

Sixth Form Virtual Open Evening - Wednesday 11th November 2020

Normally, we would be inviting you in person to come and meet our staff, familiarise yourselves with the Level 3 curriculum, understand the entry requirements and explore the opportunities available to students in The Piggott School Sixth Form. This will sadly not be possible this year but we are in the process of creating an exciting virtual experience which will be available from 11th November.

I am writing to invite you to take a virtual tour of The Piggott School Sixth Form and find out how learning with us will set you up to embark on life beyond school with courage and confidence. Our sixth form students are always the first to talk about our warm and friendly atmosphere, where staff and students have mutual respect and an open rapport. We pride ourselves on providing an inclusive education and our highly experienced teachers ensure that each and every student reaches their potential through real academic commitment, enriching opportunities and engagement in school life. Our sixth form students benefit from attending a school that lives up to its values and empowers young people to become resilient, life-long learners.

We are extremely proud of our outstanding success rates in both academic and vocational courses over recent years. We achieved exceptional A-Level results in Summer 2020 (48% A*- A; 80% A*- B and 95% A*- C). 100% pass rate in vocational subjects with 96% of students achieving a merit or higher. These results put The Piggott School in the top 5% of schools in the country. Our success rates demonstrate the hard work and commitment of students and the high quality teaching and support offered by staff. Equally, the Sixth Form provides a wealth of opportunities for personal development – an area noted as “outstanding” by OFSTED in 2017.

Please visit our website – www.piggottschool.org - from 9am on Wednesday 11th November. I do hope you find this virtual tour helpful in conjunction with our detailed on line prospectus and application form. If you do have any additional queries, please feel free to contact me or our Sixth Form Administrator, Mrs Fish.

Yours sincerely

Mr A Dusterhoft

Head of Sixth Form
